

The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.
- Matthew 9:37-38

Please pray for David and Anthony as they start their ministry and begin to raise their financial support. If you know people in their respective regions who may like to come alongside them and support their ministry, please let us know!

As we continue our expansion plans, please heed Jesus' words (above) and ask the Lord of the harvest to raise up and send out more workers into the ripe harvest fields of college and professional golf!

As the Lord provides generous support through people like you, we hope to hire 17 more staff. The map below shows where our current staff reside (blue) and where we hope to expand (red). Of course, we always hold to the fact that hiring the right person is more important than just hiring for a specific region!

Thanks again for your prayers and faithful support! As you consider your year-end giving, please know that all donations are tax-deductible and go directly toward impacting the Kingdom of God throughout the world of college and professional golf!

THANK YOU FOR YOUR SUPPORT!

MERRY CHRISTMAS

The mission of CGF is to make disciples by investing relationally with the Gospel of Jesus Christ throughout the world of college and professional golf. Our vision is to see the whole world of competitive golf transformed by the Gospel. In order to accomplish this vision, we knew we needed more staff spread across the country relationally investing in the 1200+ golf programs and various professional golf tours.

In 2017, we launched our 30-BY-30 Staff Expansion Campaign with the goal of hiring 30 new staff by the year 2030. This would allow us to strategically place staff across the country to effectively invest relationally with the Gospel on every team and tour in the nation. In order to hire these 30 new staff, we needed to raise \$3 million dollars which would give us seed money for the new staff as they raised their salaries and ministry budgets over a three-year on-ramping period.

Despite the setbacks due to COVID, nearly six years into this campaign, we have raised over \$1.5 million and have hired 13 new staff! We praise God and thank you, our donors, for helping make this happen!

Here is a list of the new hires with a little more information about our two newest additions hired in 2022:

Jason Allred (2017) – Seattle, WA
Matthew Crane (2017) – Bay Area, CA
Williams Kane (2018) – Nashville, TN
Jon DuToit (2019) – Minneapolis, MN
Jayce Barber (2019) – Gainesville, FL
Casey Ruff (2019) – Houston, TX
Drew Aimone (2020) – Austin, TX

Pace Johnson (2020) – Fresno, CA
Joe Beck III (2020) – Austin, TX
Bryce Newton (2021) – Edmond, OK
Davis Baxter (2021) – Charlotte, NC
David Gannon (2022) – Phoenix, AR
Anthony Marzett (2022) – San Diego, CA

David Gannon joined the CGF team in July and is filling a huge hole we had in Phoenix, AZ. There are currently 16 college golf programs within a 2 hour drive, and he is already making a huge impact by building relationships and planting seeds of faith throughout the Southwest.

We hired Anthony Marzett in October, and he lives just outside of San Diego. CGF has been expanding its reach to the professional golf world in the last few years, and Anthony will focus his ministry on the mini-tours throughout California, Nevada, and Arizona. He will be a huge blessing in SoCal as he helps bridge the gap between college and professional golf.
